According to our (Global Info Research) latest study, the global Nail Care Services market size was valued at USD million in 2023 and is forecast to a readjusted size of USD million by 2030 with a CAGR of % during review period.

Regular, professional nail care ensures that your nails stay strong so they can do the job. Nail technicians do much more than apply polish. They also check for signs of problems like fungus or sores that need treatment, keep nails trimmed and shaped so they look great and to prevent splitting, and keep your cuticles moisturized and healthy to help preserve that natural barrier. A nail salon or nail bar is a specialty beauty salon establishment that primarily offers nail care services such as manicures, pedicures, and nail enhancements. Often, nail salons also offer skin care services. Manicures are also offered by general beauty salons, spas, and hotels. People who work at nail salons are usually called nail technicians, manicurists, or nailists.
