## Abstracts

Natural food & drinks refer to food products that are that are manufactured without the use of hormones, antibiotics, or artificial flavors

### SCOPE OF THE REPORT:

This report studies the Natural Food & Drinks market status and outlook of Global and major regions, from angles of players, countries, product types and end industries; this report analyzes the top players in global market, and splits the Natural Food & Drinks market by product type and applications/end industries.

Natural food & drinks are minimally processed and free of artificial sweeteners, colors, flavors and additives like hydrogenated oils, stabilizers and emulsifiers. But there is no certification or inspection system to ensure that the label is accurate. Nonetheless, this market possesses high growth potential, owing to the fact that several foodservice providers, such as restaurants & hotels are inclined towards providing healthy food & drinks to cater to the needs of health-conscious consumers.

North America dominated the global market. However, Asia-Pacific is expected to witness the highest growth rate from 2017 to 2023, owing to rise in consumer inclination towards wellness and rapid growth in the food & drinks industry in countries such as, China, Japan, India, and Australia.

In 2017, China was the most lucrative market, followed Canada, Germany, U.S. and France. This is attributed to the increased spending on health and wellness and a willingness to pay premium on healthy food.

The global Natural Food & Drinks market is valued at xx million USD in 2017 and is expected to reach xx million USD by the end of 2023, growing at a CAGR of xx% between 2017 and 2023.

The Asia-Pacific will occupy for more market share in following years, especially in China, also fast growing India and Southeast Asia regions.

North America, especially The United States, will still play an important role which cannot be ignored. Any changes from United States might affect the development trend of Natural Food & Drinks.
