Abstracts

The global Net Lease Investment Services market size is expected to reach \$ 2243 million by 2032, rising at a market growth of 6.1% CAGR during the forecast period (2026-2032).

Net lease investment services are professional capital market services provided to corporate occupants, property owners, developers, private investors, family offices, REITs, funds, insurance capital, and other institutional investors surrounding commercial real estate occupied by a single or few tenants on a long-term basis, with the lessee bearing all or most of the property taxes, insurance, maintenance, repair, and operating expenses. Its main service forms include brokerage for the acquisition and sale of net lease properties, portfolio disposal, design of corporate sale-leaseback structures, completed leasehold and forward financing, lessee credit and lease risk analysis, valuation and pricing, debt and equity capital arrangements, transaction due diligence, and closing execution.
