Abstracts

The global Network Audit market size is expected to reach $ million by 2030, rising at a market growth of % CAGR during the forecast period (2024-2030).

Technological progress: With the rapid development of information technology and the popularization of network and cloud computing, new technologies such as big data and artificial intelligence are continuously applied in the field of auditing, providing more means and tools for network auditing and promoting the development of network auditing. .

Market demand: With the improvement of informatization, enterprises have an increasing demand for risk management and internal control, and their reliance on auditing is also gradually increasing. Network audit can meet the needs of enterprises for risk management and internal control, and provide more comprehensive and timely audit information and services.

A network audit consists on carrying out a series of tests that detect vulnerabilities, entry points, and poor configurations in order to prevent access to the network by cybercriminals, preserve the integrity of the data of the company and its customers, as well as optimize the configuration of your wifi network so that you can get the most of it.

This report studies the global Network Audit demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for Network Audit, and provides market size (US$ million) and Year-over-Year (YoY) growth, considering 2023 as the base year. This report explores demand trends and competition, as well as details the characteristics of Network Audit that contribute to its

increasing demand across many markets.

Highlights and key features of the study

Global Network Audit total market, 2019-2030, (USD Million)

Global Network Audit total market by region & country, CAGR, 2019-2030, (USD Million)

U.S. VS China: Network Audit total market, key domestic companies and share, (USD Million)

Global Network Audit revenue by player and market share 2019-2024, (USD Million)

Global Network Audit total market by Type, CAGR, 2019-2030, (USD Million)

Global Network Audit total market by Application, CAGR, 2019-2030, (USD Million).

This reports profiles major players in the global Network Audit market based on the following parameters – company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Valency Networks, Teleglobal International, FinalWire, SolarWinds, Sofistic Cybersecurity, Industrial Thinking Limited, Check Point Software, Tufin and FireMon Security Manager, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Stakeholders would have ease in decision-making through various strategy matrices used in analyzing the World Network Audit market.

Detailed Segmentation:

Each section contains quantitative market data including market by value (US$ Millions), by player, by regions, by Type, and by Application. Data is given for the years 2019-2030 by year with 2023 as the base year, 2024 as the estimate year, and 2025-2030 as the forecast year.
