Abstracts

The airbrush is a powerful creative tool that can stand alone as an artistic statement or be incorporated into an existing creative “tool box” to produce a rich layering of varied techniques.

SCOPE OF THE REPORT:

This report focuses on the Airbrush in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application. At present, in the foreign industrial developed countries the airbrush in the automotive model and make-up industry is generally at a more advanced level, the world's large enterprises are mainly concentrated in USA and Japan. Meanwhile, foreign companies have more advanced equipment, strong R & D capability, the technical level is in a leading position.

Although sales of airbrush brought a lot of opportunities, the study group recommends the new entrants who just having money but without technical advantage and downstream support, do not to enter into the airbrush field hastily.

The worldwide market for Airbrush is expected to grow at a CAGR of roughly 3.8% over the next five years, will reach 25 million US\$ in 2023, from 20 million US\$ in 2017, according to a new GIR (Global Info Research) study.
