SCOPE OF THE REPORT:

This report focuses on the Canned Mushroom in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

Global giant manufactures mainly distributed in china and Europe. The manufacturers in Zhangzhou of China have a long history and unshakable status in this field. Most of Chinese manufactures locate in Fujian, Jiangsu and Zhejiang province. As to France, Bonduelle has become as a global leader.

The key consumption markets locate at Europe and North America. The Europe and China takes the market share over 70%, followed by US with 10%.

In the international market, the marketing channels characteristic differ from company to company.

The international leading companies such as Bonduelle who prefer setting up factories directly into aimed market, and taking own sales department to expand market. The giant companies are more likely to set their own big agents in some major countries and regions taking charge of regional business building their international market position. Companies in developing countries such as China and India, in contrast, put more effort

on direct selling business. They can act as exports at the same time, and it is a common phenomenon in this industry. As they do not have that much international brand influence, their product quality is not good enough when comparing with leading companies, however, they have price advantage. They like to expand their market share in developing countries and low-end international market.

The worldwide market for Canned Mushroom is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.
