Abstracts

A commercial oven is a kitchen appliance used for heating and baking foods in a professional setting. Establishments such as restaurants, bakeries, and cafeterias often use commercial ovens. This is because professional ovens typically have the capacity and power to handle large amounts of different kinds of food in a timely manner. There are several types of commercial ovens that may accommodate different needs, such as deck, combination and pizza ovens. They may be gas, wood or electric-powered and usually cook by convection.
