Abstracts

Gaming chairs come with lumbar support and a head cushion to provide gamers comfort while gaming. The comfort offered by gaming chairs elevates the gaming experience for players. Gaming chairs are a necessity for professional and hardcore gamers.

SCOPE OF THE REPORT:

This report focuses on the Gaming Chairs in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

The mid-range segment accounted for the major shares of the gaming chair market and it is regarded as the most popular segment in the market. Mid-range gaming chairs provide lower height which helps reducing neck strain and proper armrests that help in reducing shoulder and arm pain. These factors play vital role in increasing the demand of this segment and in turn drive the gaming seat market.

This market study estimates that in terms of geographic regions, the Americas will be the major revenue contributor to the gaming chair market throughout the forecast period. Owing to the increasing popularity of gaming chair market in North America, the market is growing continuously in this region. The region conducts several game leagues such as MLB, NFL, and NBA due to which several sports lovers choose gaming as career option. This factor is triggering the growth of the gaming seat market in the Americas.

The worldwide market for Gaming Chairs is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in

2017, according to a new GIR (Global Info Research) study.
