### SCOPE OF THE REPORT:

This report focuses on the Medical Guide Wire in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

Global giant manufactures mainly distributed in Japan and USA. The manufacturers in Japan have a long history and unshakable status in this field. Manufacturers such as Terumo Medical and Asahi have relative higher level of product's quality. As to United States, Abbott Vascular has become as a global leader through its own business and acquisition. In Europe, TE Connectivity acquired AdvancedCath and definitive agreement to acquire Creganna, thus leads the technology development. Most of Chinese manufactures are not professional producers that make their products have lower market recognition, even in China domestic market.

With the global economic recovery, more and more people pay attention to rising living standards, especially in underdevelopment regions that have a large population and fast economic growth, the need of Medical Guide Wire will increase.
