## Abstracts

Paint is any colored liquid which on drying, form a thin surface coat and has specific functions perform. Paints are used to protect metals, timber, or plastered surfaces from the corrosive effects of weather, heat, moisture or gases etc.

Varnishes are more or less transparent liquids which are used to provide a protective surface coating in much the same way as paints do” At the same time they allow the original surface to show but add a lustrous and glossy finish to it.

### SCOPE OF THE REPORT:

This report focuses on the Paints and Varnishes in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

The Consumption of paints and varnishes mainly distributes in Saudi Arabia and UAE.

Consumption volume of paints and varnishes from the two regions contributed about 84.11% share in 2015 in GCC regions. Jotun, Hempel and National Paints are the leading players of paints and varnishes in GCC regions with widespread sales network. Although compared with the whole global paints and varnish market, GCC regions are quite a small part. However, when taking a look at the inside development of GCC regions' paints and varnishes business, the industry still have good market space. Considering the current demand as well as downstream industries' status, market participants are still optimistic on the future paints and varnishes market of GCC regions. It is estimated that paints and varnishes consumption will keep upward tendency in the next few years with a market size of 5624.61 million USD in 2020. In addition, with intensified competition and sufficient supply, price of paints and varnishes is predicted to continue to go down in the coming years.

The worldwide market for Paints and Varnishes is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.
