With rapid growth in digital cameras and camera phones, the photo industry has not remained the same as it was about 10 years ago. Today people are shooting pictures at a frantic pace and they have more photos to print in a month than what they used to do in 2 to 3 years. Naturally, this has propelled the demand for self-service kiosks where customers can get the print outs quickly at affordable prices. The Photo Printing Kiosk market is growing fast since its appearance. Global market volume of Photo Printing Kiosk is mostly related to downstream demand. The appeal of the Picture Kiosk is universal. Almost everyone takes pictures, and more people are using their smartphones and tablets for their pictures than ever before. Photo Printing Kiosks aren't just for pharmacies anymore. Historically, many of these units have been placed in pharmacies and drug stores. However, the size of the pie is growing and we are seeing a much wider interest are occurring in non-traditional locations like electronic stores, college bookstores, UPS-type shipping centers, gift shops, grocery and

convenience stores, hospitals, scrapbook stores, tourist attractions and hotel lobbies.
