SCOPE OF THE REPORT:

This report focuses on the Sanitary Metal Ware in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

The Sanitary Metal Ware market is relatively fragmented in the mid-to-high-end segment, where the top 10 brands commanded only 40.94% revenue share of the market as at end-2015 in China market. Market statistics show that there are around 13 suppliers in China with total annual revenue of over 80,000 RMB. China-based JOYOU leads the competition in terms of sales, brand awareness and consumer preference. It is followed by local producer JOMOO in the second place and US-based Kohler in the third place. TOTO and Moen, both popular brands, are in the fourth and fifth positions, respectively. Export-wise, leading players include HUIDA, Swell, SEAGULL, Lota, GLOBE UNION and Delong.

The development of Sanitary Metal Ware industry has been in a downward trend. However, with the economy in the form of improved macro-control of national policy, the development of real estate continues to raise, overall market situation of Sanitary Metal Ware industry will certainly begin to turn better along with the market. Especially the

large population of house-purchase and high renovation demand, this situation will be continued in the future, therefore, Sanitary Metal Ware industry still has much development space and full expectation in market prospects.

The emergence and development of economic commerce has a profound impact on the traditional economic and trade activities, which not only increase the vitality of the global economy, but also change people's traditional ways of working and thinking. In any Sanitary Metal Ware companies, cost control is most critical factor to obtain the maximum profit. According to the US 'Forbes', the statistics show that economic commerce can save 5% to 10% of corporate transaction costs.

Health and water conservation is still a main topic of Sanitary Metal Ware industry for many years. Environmental degradation aroused world attention to the fate of the planet, and energy conservation has become the major issues. For the Sanitary Metal Ware industry consumers, many people began to look drawn from the price, such as this product is suitable to the style of your home, brand quality, product color, cost performance, and environmental protection has become the focus of consumer purchase reference. Especially due to the improved economic life, more people are increasingly concerned about the health, and environmental protection naturally becomes the key pointy. The most important thing is that environmental protection is not just the responsibility, but also the future development trend in Sanitary Metal Ware industry.

The worldwide market for Sanitary Metal Ware is expected to grow at a CAGR of roughly 14.9% over the next five years, will reach 4260 million US\$ in 2023, from 1850 million US\$ in 2017, according to a new GIR (Global Info Research) study.
