Abstracts

A set-top box (STB) or set-top unit (STU) (one type also colloquially known as a cable box) is an information appliance device that generally contains a TV-tuner input and displays output to a television set and an external source of signal, turning the source signal into content in a form that can then be displayed on the television screen or other display device. They are used in cable television, satellite television, and over-the-air television systems, as well as other uses.

SCOPE OF THE REPORT:

This report focuses on the Set-Top Box (STB) in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa.
