Abstracts

Sports Protective Equipment can provide protection during the sports. Sports protective equipment include helmets, protective eyewear, mouth guards, face protection, jock straps, life jackets, safety mats, pads and guards, protective footwear and padded flame resistant pressure suits for motorcyclists and motor cross participants in our report.

SCOPE OF THE REPORT:

This report focuses on the Sports Protective Equipment in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application. At present, in the foreign industrial developed countries the sports protective equipment industry is generally at a more advanced level, the world's large enterprises are mainly concentrated in USA and Europe. Meanwhile, foreign companies have more advanced equipment, strong R & D capability, the technical level is in a leading position. However, foreign companies' manufacturing cost is relatively high, so many foreign companies have plant in China.

Although sports protective equipment brings a lot of opportunities, the study group recommends the new entrants just having money but without technical advantage and upstream and downstream support do not to enter into this field.

The worldwide market for Sports Protective Equipment is expected to grow at a CAGR of roughly 7.2% over the next five years, will reach 14300 million US\$ in 2023, from 9410 million US\$ in 2017, according to a new GIR (Global Info Research) study.
