A wedding ring or wedding band is a finger ring that indicates that its wearer is married. It is usually forged from metal, and traditionally is forged of gold or another precious metal.

SCOPE OF THE REPORT:

This report focuses on the Wedding Ring in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

Globally, the Wedding Ring industry market is low concentrated as the manufacturing technology of Wedding Ring is relatively matures than some high-tech equipment. And some enterprises, like Cartier, Tiffany, Laofengxiang, etc. are well-known for the wonderful performance of their Wedding Ring and related services. At the same time, China, occupied 32.62% production market share in 2016, is remarkable in the global Wedding Ring industry because of lowest cost of raw material and labor, and the huge population base.

In terms of technology, there is plenty room for improvement. The current market was mainly occupied by the existing enterprises, under the premise of the future demand growth and technological processes, the new entrants into the wedding ring industry business should be able to occupy a certain market share. Therefore, new entrants must develop technical and master internal control, to seize the domestic and foreign markets in the future.

The worldwide market for Wedding Ring is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017,
