Abstracts

Wheelchair cushion is needed to keep comfort and healthy. There are many types such as air cushion, gel cushion, foam cushion and others. Consumers can choose according to their needs.

SCOPE OF THE REPORT:

This report focuses on the Wheelchair Cushion in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

Wheelchair cushion has many types such as air cushion, gel cushion, foam cushion and others. Foam cushion sale was the largest in 2016 with a share of 49.23%. Air cushion and gel cushion separately took 16.48% and 31.29% in 2015. In the future, we predict that gel cushion will be used more and more widely because of its performance quality. Due to mature technology of wheelchair cushion and abundant raw material resource, this industry is quite scattered. Global major manufacturers are Comfort Company, Sunrise Medical, Supracor, Roho, Varilite and etc. Also there is no industry standard in this industry, so wheelchair cushion quality varies greatly.

The worldwide market for Wheelchair Cushion is expected to grow at a CAGR of roughly 4.6% over the next five years, will reach 1070 million US\$ in 2023, from 820 million US\$ in 2017, according to a new GIR (Global Info Research) study.
