Abstracts

Office stationery refers to a wide range of products that are used on a regular basis in offices. Office stationery and supplies include products like paper products, desk supplies, computer and printing supplies, mailing supplies, filing supplies, and others.

SCOPE OF THE REPORT:

This report focuses on the Office Stationery and Supply in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application. One of the major drivers for this market is the continuous innovations in office stationery supplies. Factors such as the evolution of new business industries and an increase in the rate of employment are contributing to the growth of the office stationery market. Though the demand for paper-based products is declining in the developed markets due to IT integration and industry automation, the growth prospects for printers and computers supplies such as toner cartridges and disks have created huge opportunities for the manufacturers and the retailers in product innovation through technology advancement.

The worldwide market for Office Stationery and Supply is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US$ in 2023, from xx million US$ in 2017, according to a new GIR (Global Info Research) study.
