One-Time House Cleaning Service, also known as a deep cleaning or one-off cleaning service, is a professional cleaning service that is typically hired to thoroughly clean a home on a one-time or occasional basis. Unlike regular cleaning services, which are scheduled at regular intervals (e.g., weekly, bi-weekly, or monthly), one-time house cleaning services are usually requested for specific purposes or occasions.

The market is highly fragmented, with numerous small and independent cleaning service providers along with larger cleaning companies. The market for one-time house cleaning services varies by region, with factors such as urbanization, population density, and economic conditions influencing demand. Urban and metropolitan areas typically have a higher demand for cleaning services due to time constraints and a higher number of working professionals. In regions with a strong tourism industry, there may be seasonal spikes in demand for one-time cleaning services related to vacation rentals.
