## Abstracts

According to our (Global Info Research) latest study, the global Online Academic IELTS Learning Platform market size was valued at USD million in 2022 and is forecast to a readjusted size of USD million by 2029 with a CAGR of % during review period. The influence of COVID-19 and the Russia-Ukraine War were considered while estimating market sizes.

As the pandemic forces people to stay indoors, the demand for online learning platforms has increased significantly. This trend is expected to continue even after the pandemic subsides due to the flexibility and convenience offered by online learning. IELTS Academic is a globally recognized test of English language proficiency and is widely accepted by academic institutions, employers and immigration authorities. As more and more people intend to immigrate to English-speaking countries or seek higher education opportunities abroad, the demand for IELTS learning platforms is expected to increase. Microlearning is a trend that involves breaking down learning into small chunks and delivering them in short, focused modules. An online academic IELTS learning platform that embraces this trend can offer learners the flexibility to study at their own pace. Microlearning is a trend that involves breaking learning into small chunks and delivering them in short, focused modules. An online academic IELTS learning platform that embraces this trend can offer learners the flexibility to study at their own pace. The children's market will witness the fastest growth during the forecast period.
