## Abstracts

According to our (Global Info Research) latest study, the global Online Beach House Rentals market size was valued at US\$ 36013 million in 2025 and is forecast to a readjusted size of US\$ 61402 million by 2032 with a CAGR of 7.8% during review period.

Online Beach House Rentals refer to the service model that utilizes dedicated internet platforms, mobile applications, or Online Travel Agencies (OTAs) to facilitate the entire process of renting residential properties located on or near a beach. This system allows users to instantly search, compare detailed property listings, read guest reviews, check real-time availability and pricing, and finalize the booking and payment electronically. This digitized, self-service booking process offers vacationers a more convenient, transparent, and efficient way to secure their beach holiday accommodation compared to traditional agency or phone booking methods.
