## Abstracts

According to our (Global Info Research) latest study, the global Online Dress Rental market size was valued at US\$ 428 million in 2025 and is forecast to a readjusted size of US\$ 690 million by 2032 with a CAGR of 6.9% during review period.

Online dress rental refers to a short-term or subscription-based rental service model that provides users with various types of clothing (especially formal wear, fashion apparel, and dress code) through an internet platform (website or mobile application). The platform typically integrates online selection, size and style recommendations, rental scheduling, logistics and delivery, post-use recycling, and professional cleaning, enabling individuals or businesses to meet their periodic or frequent clothing needs for weddings, banquets, business events, social occasions, and everyday fashion at a lower cost and with less inventory risk.

This report is a detailed and comprehensive analysis for global Online Dress Rental market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application.
