According to our (Global Info Research) latest study, the global Online K-12 Education market size was valued at USD 8215.1 million in 2023 and is forecast to a readjusted size of USD 14030 million by 2030 with a CAGR of 7.9% during review period.

K-12 (kindergarten through 12th grade) is the term commonly used for talking about a person’s first 13 years of schooling before entering university. It also refers to the Elementary and Secondary education. Elementary education starts at the age of five or six. Secondary education is for children aged 12 to 18. Secondary school generally takes place in a high school, which is often divided into junior and senior high. Junior high is for those aged 12 to 15 and senior high for students aged 15 to 18.

Online education is quite different from the traditional concept of education, which involves a school building, a classroom with rows of desks, and a teacher standing next to a chalkboard. Online education offers students more one-on-one time with their instructors. And, most K-12 online programs are inexpensive or even tuition-free.

The major players in global Gum Arabic (E414) market include K12 Inc, Pearson, New Oriental Education & Technology, etc., and the market concentration rate is low. North America and Europe are main markets, they occupy about 40% of the global market. Elementary education(Grades 1-5) is the main type, with a share about 45%. Student is the main application.

The Global Info Research report includes an overview of the development of the Online K-12 Education industry chain, the market status of Teacher (Elementary education(Grades 1-5), Junior high education(Grades 6-8)), Student (Elementary
