## Abstracts

Lottery is a form of gambling that involves the drawing of numbers for a prize. Lotteries are outlawed by some governments, while others endorse it to the extent of organizing a national or state lottery. It is common to find some degree of regulation of lottery by governments; the most common regulation is prohibition of sale to minors, and vendors must be licensed to sell lottery tickets.

### SCOPE OF THE REPORT:

This report studies the Online Lottery market status and outlook of Global and major regions, from angles of players, countries, product types and end industries; this report analyzes the top players in global market, and splits the Online Lottery market by product type and applications/end industries.

This has attracted several casual players into the game as they buy the lottery tickets only when the prize is highly attractive.
