Abstracts

Open banking APIs, or application program interfaces, facilitate open banking and enable financial institutions to share financial data with one another, typically through a third-party-developed application. Banking API providers such as emerging FinTech companies and collaborators create those third-party-developed applications to improve traditional banking systems and make the digital banking industry better for everyone.

This report studies the global Open Banking API demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for Open Banking API, and provides market size (US\$ million) and Year-over-Year (YoY) growth, considering 2021 as the base year. This report explores demand trends and competition, as well as details the characteristics of Open Banking API that contribute to its increasing demand across many markets.

The global Open Banking API market size is expected to reach \$ million by 2028, rising at a market growth of % CAGR during the forecast period (2022-2028).

Highlights and key features of the study

Global Open Banking API total market, 2017-2028, (USD Million)

Global Open Banking API total market by region & country, CAGR, 2017-2028, (USD Million)

U.S. VS China: Open Banking API total market, key domestic companies and share,

(USD Million)

Global Open Banking API revenue by player and market share 2017-2022, (USD Million)

Global Open Banking API total market by Type, CAGR, 2017-2028, (USD Million)

Global Open Banking API total market by Application, CAGR, 2017-2028, (USD Million)

This reports profiles major players in the global Open Banking API market based on the following parameters – company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Google, SAS, Mastercard, Salt Edge, Yodlee, TrueLayer, Plaid, Token and Tink, etc.
