Orange Comminute is a pulpy blend of crushed whole oranges (typically Valencia or navel varieties), including flesh, peel, and juice, characterized by vibrant sweetness and natural opacity. The process retains D-limonene from peels and hesperidin from pulp, delivering authentic 'fresh orange' taste while boosting fiber and antioxidants. Commonly used in NFC juices, fruit yogurts, jams, and baby foods, it enhances texture with visible pulp particles. Adjusting peel ratios allows bitterness customization for diverse markets. Requiring cold/frozen storage, it serves as a wholesome alternative to artificial flavors and colors.
