Abstracts

The ostomy care accessories market is expected to grow at the highest CAGR during the forecast period owing to the growing skin problems due to frequent removal and re-application of skin barrier of ostomy bags and rising awareness about care of peristomal skin.

SCOPE OF THE REPORT:

Factors such as the high incidence of bladder/colorectal cancer/inflammatory bowel disease; growing number of awareness programs to educate patients regarding the use of ostomy products; and efficient reimbursement system in developed countries are driving the growth of the market. However, unfavorable reimbursement scenarios in most developing countries and discomfort and other issues associated with the use of ostomy bags are expected to restrain the growth of this market

The global Ostomy market is valued at xx million USD in 2017 and is expected to reach xx million USD by the end of 2023, growing at a CAGR of xx% between 2017 and 2023.

The Asia-Pacific will occupy for more market share in following years, especially in China, also fast growing India and Southeast Asia regions.
