Abstracts

In today's business parlance, outsourcing refers to the practice of outsourcing non-core business functions of an organization to a third party business process outsourcing (BPO) services provider. Similarly, call center outsourcing is the process of contracting the management of voice based customer service processes to specialized call center outsourcing companies. Contact centers defined simply are workplaces wherein human agents receive or make outgoing telephone calls to existing or prospective customers of a company. Outsourced contact centers are specialized contact center outsourcing companies that manage inbound or outbound call center processes for their clients.
