Abstracts

According to our (Global Info Research) latest study, the global Pawn Shop market size was valued at USD 38840 million in 2023 and is forecast to a readjusted size of USD 52850 million by 2030 with a CAGR of 4.5% during review period.

Pawn shop is a unique place for cash loans and selling or buying a wide range of items including jewelry, tools, electronics, guns, and other merchandises at a payment cost agreed upon by both the parties. These shops are a great option to retail old and unimportant products at a reasonable price rather than sell the products at a scrap shop. They are handled by knowledgeable staff for better value prediction and authentication of the product during resale.
