In terms of application, it is widely used in baked goods, dairy products, beverages, pet food and other aspects. It is most widely used in baked goods, accounting for about 37%. After that, dairy products account for about 28%.

Pea Protein Concentrate or PPC is a vegan protein supplement made from yellow peas. The process involves isolating the protein from the pea, thereby removing the fiber and other nutrients, resulting in a concentrated form of protein powder that is higher in protein content (about 70-85%) compared to regular peas. PPC is a good source of essential amino acids and is considered a complete protein, making it ideal for plant-based diets.
