Per Diem Nurse Staffing refers to a staffing model commonly used in healthcare facilities, such as hospitals, clinics, and nursing homes, to address fluctuations in patient demand and staffing needs. In this model, registered nurses (RNs) and other healthcare professionals are hired on a daily basis, usually on short notice, to provide temporary staffing coverage. 'Per diem' is a Latin term that translates to 'per day,' indicating that these nurses are employed on a day-to-day basis rather than as full-time or part-time employees.
