According to our (Global Info Research) latest study, the global Personalized Travel Customization Service market size was valued at US\$ million in 2025 and is forecast to a readjusted size of US\$ million by 2032 with a CAGR of %during review period.

Personalized travel customization service is a service that designs and arranges travel itineraries based on the unique needs, interests and preferences of customers. It provides exclusive travel experiences by deeply understanding customers' expectations and personalized requirements, including transportation, accommodation, catering, activities and guided tours. Personalized travel customization service aims to create a unique, unforgettable and highly personalized travel experience for travelers, so that every trip can fully meet customers' personal expectations and special needs.

Personalized travel customization services represent the development trend of the tourism industry and meet the modern travelers' pursuit of uniqueness and personalized experience. By deeply understanding the interests and needs of customers, such services can design tailor-made travel itineraries, making travel closer to personal expectations and increasing the depth and quality of travel. In an era when standardized and mass tourism is becoming increasingly popular, personalized travel customization services provide a more unique and exclusive option, especially in luxury travel, adventure travel and cultural experience. Although customized services are usually more expensive, the high degree of satisfaction and unique experience they bring are attracting more and more travelers willing to invest more resources and time in this.
