Abstracts

According to our (Global Info Research) latest study, the global Pet Physiotherapy market size was valued at US\$ 264 million in 2024 and is forecast to a readjusted size of USD 558 million by 2031 with a CAGR of 11.4% during review period.

Pet medical care is the second largest segment in pet industry. In the UK, annual spending on veterinary and other pet services has risen from ?2.6bn in 2015 to ?4bn in 2021, a 54% increase in just six years. According to Vetnosis, the value of the global animal health industry will increase by 12% to \$38.3 billion in 2021. White Paper on China's Pet Healthy Consumption of JD shows that in 2023, there are 13.09 million pets entering middle age and old age. And pet aging is expected to be seen in the next few years. Changes in the age structure of pets will further bring about the development of the pet medical industry. According to the data of the 2022 China Pet Medical Industry White Paper, from the perspective of market size, the scale of China's pet medical market is about ?67.5 billion, accounting for about 22.5% of the entire pet industry. From the perspective of hospital operation time, pet hospitals within 5 years accounted for about 73%. About 11% of the pet hospitals have been in operation for more than 10 years. From the perspective of hospital turnover, nearly 40% of the hospitals have increased their annual turnover year-on-year, and the growth rate is mainly within 380%.

This report is a detailed and comprehensive analysis for global Pet Physiotherapy market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some

of the selected leaders for the year 2025, are provided.

Key Features:

Global Pet Physiotherapy market size and forecasts, in consumption value (\$ Million), 2020-2031

Global Pet Physiotherapy market size and forecasts by region and country, in consumption value (\$ Million), 2020-2031

Global Pet Physiotherapy market size and forecasts, by Type and by Application, in consumption value (\$ Million), 2020-2031

Global Pet Physiotherapy market shares of main players, in revenue (\$ Million), 2020-2025

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Pet Physiotherapy

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Pet Physiotherapy market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Paws in Motion, Creature Comforts, VETERINARY SPECIALISTS AOTEAROA, CONCORDIA PET CARE, East Island Animal Hospital, Wellness Veterinary Hospital, SASH Vets, Dogs In Motion, RehabVet, Paws Rehab Centre, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Market segmentation

Pet Physiotherapy market is split by Type and by Application. For the period 2020-2031,

the growth among segments provides accurate calculations and forecasts for Consumption Value by Type and by Application. This analysis can help you expand your business by targeting qualified niche markets.
