Abstracts

The global Plastic Components for Auto Interior and Exterior market size is expected to reach \$ 160288 million by 2032, rising at a market growth of 2.7% CAGR during the forecast period (2026-2032).

Plastic components for both interior and exterior parts of automobiles are an indispensable part of automobile manufacturing. They not only affect the aesthetics of the vehicle's appearance and interior but also directly relate to passenger comfort and safety. These components are mainly divided into three categories: interior parts, exterior parts, and functional structural parts, and are widely used in various parts of the automobile.

The automotive interior and exterior plastic components market has matured after years of development, driven by the automotive industry's continuous pursuit of lightweighting, cost-effectiveness, and design flexibility. As a key component of the automotive 'plastics instead of steel' strategy, plastic components significantly reduce overall vehicle weight and manufacturing costs through integrated design (such as the integration of the dashboard and center console) and modular production.

This report studies the global Plastic Components for Auto Interior and Exterior demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for Plastic Components for Auto Interior and Exterior, and provides market size (US\$ million) and Year-over-Year (YoY) growth, considering 2025 as the base year. This report explores demand trends and competition, as well as details the characteristics of Plastic

Components for Auto Interior and Exterior that contribute to its increasing demand across many markets.

Highlights and key features of the study

Global Plastic Components for Auto Interior and Exterior total market, 2021-2032, (USD Million)

Global Plastic Components for Auto Interior and Exterior total market by region & country, CAGR, 2021-2032, (USD Million)

U.S. VS China: Plastic Components for Auto Interior and Exterior total market, key domestic companies, and share, (USD Million)

Global Plastic Components for Auto Interior and Exterior revenue by player, revenue and market share 2021-2026, (USD Million)

Global Plastic Components for Auto Interior and Exterior total market by Type, CAGR, 2021-2032, (USD Million)

Global Plastic Components for Auto Interior and Exterior total market by Application, CAGR, 2021-2032, (USD Million)

This report profiles major players in the global Plastic Components for Auto Interior and Exterior market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include HASCO, FORVIA, Magna International Inc, Ningbo Huaxiang Electronic, Jiangsu Xinquan Automotive Trim, Jiangsu Changshu Automotive Trim Group, Grupo Antolin, Lear Corporation, Toyota Boshoku, Toyota Gosei, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Stakeholders would have ease in decision-making through various strategy matrices used in analyzing the world Plastic Components for Auto Interior and Exterior market

Detailed Segmentation:

Each section contains quantitative market data including market by value (US\$ Millions), by player, by regions, by Type, and by Application. Data is given for the years 2021-2032 by year with 2025 as the base year, 2026 as the estimate year, and 2027-2032 as the forecast year.

Global Plastic Components for Auto Interior and Exterior Market, By Region:

United States

China

Europe

Japan

South Korea

ASEAN

India

Rest of World

Global Plastic Components for Auto Interior and Exterior Market, Segmentation by Type:

Instrument Cluster

Bumper

Headliner

Steering Wheel

Lights

Other

Global Plastic Components for Auto Interior and Exterior Market, Segmentation by Application:

Passenger Vehicles

Commercial Vehicles

Companies Profiled:

HASCO

FORVIA

Magna International Inc

Ningbo Huaxiang Electronic

Jiangsu Xinquan Automotive Trim

Jiangsu Changshu Automotive Trim Group

Grupo Antolin

Lear Corporation

Toyota Boshoku

Toyota Gosei

Jiangnan Mould & Plastic Technology

Grammer AG

Ningbo Tuopu Group

Shanghai Daimay Automotive Interior

Key Questions Answered

1. How big is the global Plastic Components for Auto Interior and Exterior market?
2. What is the demand of the global Plastic Components for Auto Interior and Exterior market?
3. What is the year over year growth of the global Plastic Components for Auto Interior and Exterior market?

4. What is the total value of the global Plastic Components for Auto Interior and Exterior market?

5. Who are the Major Players in the global Plastic Components for Auto Interior and Exterior market?
6. What are the growth factors driving the market demand?

I would like to order

Product name: Global Plastic Components for Auto Interior and Exterior Supply, Demand and Key Producers, 2026-2032

Product link: <https://marketpublishers.com/r/GF6FE896FDE3EN.html>

Price: US\$ 4,480.00 (Single User License / Electronic Delivery)
