Abstracts

A playing card is a piece of specially prepared card stock, heavy paper, thin cardboard, plastic-coated paper, cotton-paper blend, or thin plastic that is marked with distinguishing motifs. Often the front (face) and back of each card has a finish to make handling easier. They are most commonly used for playing card games, and are also used in magic tricks, cardistry, card throwing, and card houses; cards may also be collected. Some patterns of Tarot playing card are also used for divination, although bespoke cards for this use are more common.[citation needed] Playing cards are typically palm-sized for convenient handling, and usually are sold together in a set as a deck of cards or pack of cards.

This report studies the global Playing Card Board production, demand, key manufacturers, and key regions.

This report is a detailed and comprehensive analysis of the world market for Playing Card Board, and provides market size (US\$ million) and Year-over-Year (YoY) Growth, considering 2021 as the base year. This report explores demand trends and competition, as well as details the characteristics of Playing Card Board that contribute to its increasing demand across many markets.

The global Playing Card Board market size is expected to reach \$ million by 2028, rising at a market growth of % CAGR during the forecast period (2022-2028).

Highlights and key features of the study

Global Playing Card Board total production and demand, 2017-2028, (K Units)

Global Playing Card Board total production value, 2017-2028, (USD Million)

Global Playing Card Board production by region & country, production, value, CAGR, 2017-2028, (USD Million) & (K Units)

Global Playing Card Board consumption by region & country, CAGR, 2017-2028 & (K Units)

U.S. VS China: Playing Card Board domestic production, consumption, key domestic manufacturers and share

Global Playing Card Board production by manufacturer, production, price, value and market share 2017-2022, (USD Million) & (K Units)

Global Playing Card Board production by Type, production, value, CAGR, 2017-2028, (USD Million) & (K Units)

Global Playing Card Board production by Application production, value, CAGR, 2017-2028, (USD Million) & (K Units)

This reports profiles key players in the global Playing Card Board market based on the following parameters – headquarters, production locations, products portfolio, Playing Card Board revenue, sales, average price and gross margin, recent developments.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals, COVID-19 and Russia-Ukraine War Influence.

Stakeholders would have ease in decision-making through various strategy matrices used in analyzing the World Playing Card Board market

Detailed Segmentation:

Each section contains quantitative market data including market by value (US\$ Millions), volume (production, consumption) & (K Units) and average price (US\$/Unit) by manufacturer, by Type, and by Application. Data is given for the years 2017-2028 by year with 2021 as the base year, 2022 as the estimate year, and 2028 as the forecast year.
