Abstracts

The global Plug Aerators market size is expected to reach \$ 7771.6 million by 2029, rising at a market growth of 8.0% CAGR during the forecast period (2023-2029). Plug aerators remove a core or plug of grass and soil from the lawn. For the best results, use an aerating tool or machine that actually removes plugs of soil. Poking holes is less effective and can actually cause additional compaction in the areas around the holes.
