According to our (Global Info Research) latest study, the global Popup Builder Software market size was valued at US$ 198 million in 2024 and is forecast to a readjusted size of USD 255 million by 2031 with a CAGR of 3.7% during review period.

Popup builder software refers to software solutions that enable businesses to create and customize popups or overlays for their websites or web applications. These tools provide an intuitive interface for designing and configuring popups to engage website visitors, capture leads, promote offers, or enhance user experience.

The global popup builder software market has experienced growth in recent years as businesses recognize the value of popups in capturing user attention, increasing conversions, and enhancing the overall user experience. Popups are effective tools for delivering targeted messages, promoting offers, capturing leads, reducing cart abandonment, and guiding users through specific actions.

Key features of popup builder software typically include drag-and-drop editors, customizable templates, targeting options, behavior triggers, A/B testing, analytics, and integrations with other marketing tools or platforms. These features allow businesses to create engaging and personalized popups that align with their marketing objectives and audience preferences.

The market for popup builder software is driven by factors such as the growing emphasis on conversion optimization, lead generation, user engagement, and customer communication. Businesses across various industries, including e-commerce, SaaS, media, and marketing, utilize popup builder software to optimize their website

This report is a detailed and comprehensive analysis for global Popup Builder Software market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

Global Popup Builder Software market size and forecasts, in consumption value ($ Million), 2020-2031

Global Popup Builder Software market size and forecasts by region and country, in consumption value ($ Million), 2020-2031

Global Popup Builder Software market size and forecasts, by Type and by Application, in consumption value ($ Million), 2020-2031

Global Popup Builder Software market shares of main players, in revenue ($ Million), 2020-2025

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Popup Builder Software

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace
