Abstracts

Portable bath chair is a lightweight and compact seating device designed to provide support and stability to individuals while bathing, especially those with mobility limitations or disabilities. Typically made of durable materials like plastic or aluminum, these chairs feature non-slip feet and adjustable height to fit various bathtub sizes. The seat often includes drainage holes to prevent water pooling, enhancing safety. Portable bath chairs offer convenience for users who require assistance or prefer to sit while bathing, promoting independence and reducing the risk of accidents in the bathroom.

According to our (Global Info Research) latest study, the global Portable Bath Chair market size was valued at US\$ million in 2023 and is forecast to a readjusted size of USD million by 2030 with a CAGR of %during review period.

The industry trend for portable bath chairs reflects a growing focus on accessibility and safety in bathroom products. With an aging population and increasing awareness of inclusivity, there is a rising demand for assistive devices that enhance bathing experiences for individuals with diverse mobility needs. Manufacturers are innovating with ergonomic designs, lightweight materials, and enhanced stability features to improve usability and comfort. Additionally, there's a trend towards multi-functional designs that combine features like adjustable height, reclining backrests, and easy storage capabilities to cater to a wider range of users and living spaces.

This report is a detailed and comprehensive analysis for global Portable Bath Chair market. Both quantitative and qualitative analyses are presented by manufacturers, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that

contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2024, are provided.

Key Features:

Global Portable Bath Chair market size and forecasts, in consumption value (\$ Million), sales quantity (K Units), and average selling prices (US\$/Unit), 2019-2030

Global Portable Bath Chair market size and forecasts by region and country, in consumption value (\$ Million), sales quantity (K Units), and average selling prices (US\$/Unit), 2019-2030

Global Portable Bath Chair market size and forecasts, by Type and by Application, in consumption value (\$ Million), sales quantity (K Units), and average selling prices (US\$/Unit), 2019-2030

Global Portable Bath Chair market shares of main players, shipments in revenue (\$ Million), sales quantity (K Units), and ASP (US\$/Unit), 2019-2024

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Portable Bath Chair

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Portable Bath Chair market based on the following parameters - company overview, sales quantity, revenue, price, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include ALFI, Drive Medical, Clarke Healthcare, Angelcare, Baby Delight, Baby Patent, Bambusi, Basicwise, Better Living, Better Living Products, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Market Segmentation

Portable Bath Chair market is split by Type and by Application. For the period 2019-2030, the growth among segments provides accurate calculations and forecasts for consumption value by Type, and by Application in terms of volume and value. This analysis can help you expand your business by targeting qualified niche markets.
