Abstracts

According to our (Global Info Research) latest study, the global Private Customized Tour market size was valued at US\$ million in 2024 and is forecast to a readjusted size of USD million by 2031 with a CAGR of %during review period.

Customized tourism is the design of the tourist action process based on the needs of tourists. In layman's terms, it is a way of traveling that customizes the itinerary according to your own preferences and needs.

In 2022, the gradual relaxation of epidemic prevention and control measures around the world will have a positive impact on the rapid recovery of the tourism industry. According to data from the World Tourism Organization, the number of global travelers exceeded 900 million in 2022, a two-fold increase compared to 2021. In 2022, international tourism revenue returned to the US\$ 1 trillion, a real increase of 50% compared with 2021. According to data from the Ministry of Culture and Tourism of China, in 2022, the total number of domestic tourists was ? 2.53 billion, and the domestic tourism revenue (total tourism consumption) was ? 2 trillion.
