Abstracts

The global Professional AV Equipment market size is expected to reach $ million by 2029, rising at a market growth of % CAGR during the forecast period (2023-2029).

Pro audio/visual (AV) refers to an advanced interaction system installed for commercial sharing, advertising and marketing. It is used for electronic displays to deliver videos, web content, graphics and texts in private and public complexes. It consists of lighting and sound devices, digital signages, video conferencing systems, companion whiteboard recording equipment and projector systems. These components aid in improving the overall communication and connectivity between the users and are also used for classrooms, presentations and on-site product demonstrations. As a result, pro AV finds extensive applications across various industries, such as hospitality, education and retail.

This report studies the global Professional AV Equipment demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for Professional AV Equipment, and provides market size (US$ million) and Year-over-Year (YoY) growth, considering 2022 as the base year. This report explores demand trends and competition, as well as details the characteristics of Professional AV Equipment that contribute to its increasing demand across many markets.

Highlights and key features of the study

Global Professional AV Equipment total market by region & country, CAGR, 2018-2029, (USD Million)

U.S. VS China: Professional AV Equipment total market, key domestic companies and share, (USD Million)

Global Professional AV Equipment revenue by player and market share 2018-2023, (USD Million)

Global Professional AV Equipment total market by Type, CAGR, 2018-2029, (USD Million)

Global Professional AV Equipment total market by Application, CAGR, 2018-2029, (USD Million)

This reports profiles major players in the global Professional AV Equipment market based on the following parameters – company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Crestron, Extron, Epson, QSC, AMX (Harman), Shure, Biamp Systems, Bose and LG, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals, COVID-19 and Russia-Ukraine War Influence.

Stakeholders would have ease in decision-making through various strategy matrices used in analyzing the World Professional AV Equipment market

Detailed Segmentation:

Each section contains quantitative market data including market by value (US$ Millions), by player, by regions, by Type, and by Application. Data is given for the years 2018-2029 by year with 2022 as the base year, 2023 as the estimate year, and 2024-2029 as the forecast year.
