Abstracts

The global Professional Liability Insurance market size is expected to reach \$ 61770 million by 2032, rising at a market growth of 3.3% CAGR during the forecast period (2026-2032).

This report studies the Professional Liability Insurance market. Professional liability insurance (PLI), also called professional indemnity insurance (PII) or errors & omissions (E&O), is a form of liability insurance which helps protect professional advice- and service-providing individuals and companies from bearing the full cost of defending against a negligence claim made by a client, and damages awarded in such a civil lawsuit.

The coverage focuses on alleged failure to perform on the part of, financial loss caused by, and error or omission in the service or product sold by the policyholder. These are causes for legal action that would not be covered by a more general liability insurance policy which addresses more direct forms of harm. Professional liability insurance may take on different forms and names depending on the profession, especially medical and legal, and is sometimes required under contract by other businesses that are the beneficiaries of the advice or service.

Global Professional Liability Insurance key players include Chubb, AIG, AXA, Hiscox, Allianz, etc. Global top five manufacturers hold a share over 25%.

North America is the largest market, with a share about 60%, followed by Europe and Asia-Pacific, both have a share about 35 percent.

In terms of product, Medical Liability is the largest segment, with a share about 30%. And in terms of application, the largest application is Up to \$1 Million, followed by \$1

Million to \$5 Million.

This report studies the global Professional Liability Insurance demand, key companies, and key regions.
