Abstracts

According to our (Global Info Research) latest study, the global Propolis Supplement market size was valued at US\$ 672 million in 2024 and is forecast to a readjusted size of USD 945 million by 2031 with a CAGR of 5.1% during review period.

Propolis is a resinous substance collected from the buds of certain trees by bees and used as a cement or sealant in the construction of their hives. The raw and unprocessed propolis commonly consists of roughly 55 percent resinous compounds and balsam, 30 percent beeswax, 10 percent ethereal and aromatic oils, and 5 percent bee pollen. Its constituents and color, ranging from golden brown to reddish to almost black, depends on the tree source of collection, the most common being dark brown. Propolis is sticky at and above room temperature, 20 °C (68 °F). At lower temperatures, it becomes hard and very brittle. Until now, over 200 chemical compounds have already been identified in the propolis including flavonoids, terpenoids, aldehydes, aromatic acids, aliphatic alcohols and ethers, amino acids, sugars etc. The Propolis market covers Propolis Capsules, Propolis Liquids, etc. The typical players include Apis Flora, Wax Green, Comvita, MN Pr?polis, etc.

The major players in global Propolis market include Comvita, Zhifengtang, Apis Flora, etc. The top 3 players occupy about 15% shares of the global market. Asia Pacific and Americas are main markets, they occupy about 80% of the global market. Propolis Liquids is the main type, with a share about 50%. Offline Retails is the main application, which holds a share about 75%.

This report is a detailed and comprehensive analysis for global Propolis Supplement market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report

explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

Global Propolis Supplement market size and forecasts, in consumption value (\$ Million), 2020-2031

Global Propolis Supplement market size and forecasts by region and country, in consumption value (\$ Million), 2020-2031

Global Propolis Supplement market size and forecasts, by Type and by Application, in consumption value (\$ Million), 2020-2031

Global Propolis Supplement market shares of main players, in revenue (\$ Million), 2020-2025

The Primary Objectives in This Report Are:

- To determine the size of the total market opportunity of global and key countries
- To assess the growth potential for Propolis Supplement
- To forecast future growth in each product and end-use market
- To assess competitive factors affecting the marketplace

This report profiles key players in the global Propolis Supplement market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Apis Flora, Wax Green, Comvita, MN Propolis, Apis Polonectar, Kings Gel, Evergreen, Sunyata – Pon Lee, Uniflora, Manuka Health New Zealand, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Market segmentation

Propolis Supplement market is split by Type and by Application. For the period 2020-2031, the growth among segments provides accurate calculations and forecasts

for Consumption Value by Type and by Application. This analysis can help you expand your business by targeting qualified niche markets.
