Abstracts

Public and personal safety describes the security measures that are designed to provide safety against all types of attacks, thefts, threats and others. Public and personal safety is a broad term, the personal safety refers to the freedom from physical harm and threat of physical harm, and freedom from hostility, aggression, harassment and others whereas public safety refers to welfare and protection of public from dangers affecting safety such as crimes or disasters.

According to our (Global Info Research) latest study, the global Public and Personal Safety market size was valued at US$ 7364 million in 2023 and is forecast to a readjusted size of USD 21220 million by 2030 with a CAGR of 16.5% during review period.

Global public and personal safety core manufacturers include Hexagon, Motorola Solutions Inc, NEC, Tyler Technologies Inc, Indra Sistemas and GSAFETY. The top three manufacturers account for approximately 18% of the global share. North America is the world's largest market, accounting for nearly 35% of the market share.

In terms of type, cloud-based occupies a dominant position, accounting for 76% of the market share. At the same time, in terms of application, government is the largest application field, accounting for 33%.

This report is a detailed and comprehensive analysis for global Public and Personal Safety market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that

contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2024, are provided.

Key Features:

Global Public and Personal Safety market size and forecasts, in consumption value ($ Million), 2019-2030

Global Public and Personal Safety market size and forecasts by region and country, in consumption value ($ Million), 2019-2030

Global Public and Personal Safety market size and forecasts, by Type and by Application, in consumption value ($ Million), 2019-2030

Global Public and Personal Safety market shares of main players, in revenue ($ Million), 2019-2024

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Public and Personal Safety

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Public and Personal Safety market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Hexagon, Motorola Solutions Inc, NEC, Tyler Technologies Inc, Indra Sistemas, GSAFETY, Fujitsu, Thales Group, Everbridge, Frequentis Group, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Market segmentation

+44 20 8123 2220
info@marketpublishers.com

Public and Personal Safety market is split by Type and by Application. For the period 2019-2030, the growth among segments provides accurate calculations and forecasts for Consumption Value by Type and by Application. This analysis can help you expand your business by targeting qualified niche markets.

Market segmentation

Public and Personal Safety market is split by Type and by Application. For the period 2018-2029, the growth among segments provides accurate calculations and forecasts for Consumption Value by Type and by Application. This analysis can help you expand your business by targeting qualified niche markets.
