## Abstracts

According to our (Global Info Research) latest study, the global Radiation Therapy Positioning Device market size was valued at US\$ 335 million in 2025 and is forecast to a readjusted size of US\$ 611 million by 2032 with a CAGR of 9.0% during review period.

Radiation Therapy Positioning Device comprises the dedicated devices and systems used to place and immobilise patients in a precise and reproducible geometry for radiation treatment delivery. It includes indexed couch tops and overlays, body frames, thermoplastic masks for head and neck, vacuum cushions, breast and lung boards, pelvic and limb supports, laser based alignment aids and related accessories that link the patient physically to the treatment couch and coordinate with room lasers and imaging guidance. Together these products allow clinicians to reproduce the planned treatment position from simulation to daily fractions, control voluntary and involuntary motion, and maintain patient comfort for the duration of each session, while minimising interference with imaging quality and dose distribution so that the planned therapeutic dose can be delivered accurately to the target volume with protection of surrounding organs at risk.

This report is a detailed and comprehensive analysis for global Radiation Therapy Positioning Device market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

**Key Features:**

Global Radiation Therapy Positioning Device market size and forecasts, in consumption value (\$ Million), 2021-2032

Global Radiation Therapy Positioning Device market size and forecasts by region and country, in consumption value (\$ Million), 2021-2032

Global Radiation Therapy Positioning Device market size and forecasts, by Type and by Application, in consumption value (\$ Million), 2021-2032

Global Radiation Therapy Positioning Device market shares of main players, in revenue (\$ Million), 2021-2026

**The Primary Objectives in This Report Are:**

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Radiation Therapy Positioning Device

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Radiation Therapy Positioning Device market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Stryker, STERIS, Elekta, Varian, Brainlab, Vision RT, Alcare, Mizuho OSI, C-RAD, Orfit Industries, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

**Market segmentation**

Radiation Therapy Positioning Device market is split by Type and by Application. For the period 2021-2032, the growth among segments provides accurate calculations and forecasts for Consumption Value by Type and by Application. This analysis can help you expand your business by targeting qualified niche markets.

**Market segment by Type**

Thermoplastic Mask

Vacuum Bag

Stereotactic Frame

Others

#### Market segment by Target Body Region

Head Immobilization System

Body Immobilization System

Limb Immobilization System

Whole-Body/Integrated Immobilization System

#### Market segment by Application

Hospital

Radiology Center

Others

#### Market segment by players, this report covers

Stryker

STERIS

Elekta

Varian

Brainlab

Vision RT

Alcare

Mizuho OSI

C-RAD

Orfit Industries

Sun Nuclear

Xodus Medical

Bionix

Leo Cancer Care

IZI Medical Products

SchureMed

CDR Systems

David Scott

CQ Medical

Candor Denmark

LAP

Guangdong Meicen Medical

Klarity Medical

Shenzhen Tengfeiyu Technology

## RAYER Medical Technology

Market segment by regions, regional analysis covers

North America (United States, Canada and Mexico)

Europe (Germany, France, UK, Russia, Italy and Rest of Europe)

Asia-Pacific (China, Japan, South Korea, India, Southeast Asia and Rest of Asia-Pacific)

South America (Brazil, Rest of South America)

Middle East & Africa (Turkey, Saudi Arabia, UAE, Rest of Middle East & Africa)

### **The content of the study subjects, includes a total of 13 chapters:**

Chapter 1, to describe Radiation Therapy Positioning Device product scope, market overview, market estimation caveats and base year.

Chapter 2, to profile the top players of Radiation Therapy Positioning Device, with revenue, gross margin, and global market share of Radiation Therapy Positioning Device from 2021 to 2026.

Chapter 3, the Radiation Therapy Positioning Device competitive situation, revenue, and global market share of top players are analyzed emphatically by landscape contrast.

Chapter 4 and 5, to segment the market size by Type and by Application, with consumption value and growth rate by Type, by Application, from 2021 to 2032.

Chapter 6, 7, 8, 9, and 10, to break the market size data at the country level, with revenue and market share for key countries in the world, from 2021 to 2026. and Radiation Therapy Positioning Device market forecast, by regions, by Type and by Application, with consumption value, from 2027 to 2032.

Chapter 11, market dynamics, drivers, restraints, trends, Porters Five Forces analysis.

Chapter 12, the key raw materials and key suppliers, and industry chain of Radiation Therapy Positioning Device.

Chapter 13, to describe Radiation Therapy Positioning Device research findings and conclusion.

## I would like to order

Product name: Global Radiation Therapy Positioning Device Market 2026 by Company, Regions, Type and Application, Forecast to 2032

Product link: <https://marketpublishers.com/r/G77FFAFC13F0EN.html>

Price: US\$ 3,480.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:
