Abstracts

Restaurant software refers to the software (computer programs and systems) that are used to assist and support in all levels of restaurant operations. This involves mainly all-in-one Point of Sales software but can include other types of systems too. Such software usually helps with ordering, billing, and inventory management among others.

According to our (Global Info Research) latest study, the global Restaurant Software market size was valued at US$ 3580 million in 2023 and is forecast to a readjusted size of USD 7619 million by 2030 with a CAGR of 11.5% during review period.

Restaurant software can be used in quick service restaurant and full-service Reataurent. The market share of quick service restsurant occupied over 50%.

America is the largest restaurant software market with about 36% of market share in 2019. Asia-Pacific and Europe are follower with about 52% of market share.

The industry is relatively fragment, the key players include NCR Corporation, Oracle MICROS, Toast, Lightspeed,Infor, Touchbistro, PAR Technology, Clover (First Data), Square, Avero, Revel Systems, etc. In 2019?top 3 companies occupied about 20% of revenue market share.

This report is a detailed and comprehensive analysis for global Restaurant Software market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some

of the selected leaders for the year 2024, are provided.

Key Features:

Global Restaurant Software market size and forecasts, in consumption value ($ Million), 2019-2030

Global Restaurant Software market size and forecasts by region and country, in consumption value ($ Million), 2019-2030

Global Restaurant Software market size and forecasts, by Type and by Application, in consumption value ($ Million), 2019-2030

Global Restaurant Software market shares of main players, in revenue ($ Million), 2019-2024

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Restaurant Software

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Restaurant Software market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include NCR Corporation, Oracle MICROS, Toast, Lightspeed, Infor, Touchbistro, PAR Technology, Clover (First Data), Square, Avero, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.
