## **Abstracts**

Retailer Turnstiles are designed for all one-way access. This makes these security systems a popular choice in supermarkets or retail stores that need to guide foot traffic in a certain direction.

### **Scope of the Report:**

This report focuses on the Retailer Turnstile in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application. For industry structure analysis, the Retailer Turnstile industry is relatively concentrated. These manufacturers range from large multinational corporations to small privately owned companies compete in this industry. The top five producers account for about 40 % of the revenue market. Regionally, North America and Europe are the biggest areas of revenue, also the leader in the whole Retailer Turnstile industry.

North America occupied 27.61% of the sales market in 2016. It is followed by China and Europe, which respectively account for around 26.24% and 25.53% of the global total industry. Other countries have a smaller amount of sales.

For price trend analysis, a key variable in the performance of Retailer Turnstile producers is raw material costs, specifically the speed at which any increase can be passed through to customers.

For forecast, the global Retailer Turnstile revenue would keep increasing with annual growth rate with 2~4%. We tend to believe that this industry still has a good future, considering the current demand of Retailer Turnstile.

The worldwide market for Retailer Turnstile is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in

2017, according to a new GIR (Global Info Research) study.
