Abstracts

According to our (Global Info Research) latest study, the global Security Screening market size was valued at USD 7629.8 million in 2023 and is forecast to a readjusted size of USD 13940 million by 2030 with a CAGR of 9.0% during review period.

This report focuses on Security Screening Equipment market. As a matter of fact, Security Screening Equipment has a large variety of product line including X-Ray, Biometric screening system, EDT (Explosives Trace Detectors), and metal detector, their main applications are used widely in Airport, government, border security, education, and private and public places.

Asia-Pacific has the largest global export quantity and manufacturers in Security Screening market, while the North America is the second sales volume market for Security Screening in 2019.

In the industry, Smiths Detection profits most in 2019 and recent years, while Leidos and Nuctech ranked 2 and 3. The market share of them is 13%, 12% and 12% in 2019. The gap of market share is keep on enlarged due to different strategy.

The Global Info Research report includes an overview of the development of the Security Screening industry chain, the market status of Airport (X-ray Security Screening, Explosive Detection Security Screening), Other Public Transportation (X-ray Security Screening, Explosive Detection Security Screening), and key enterprises in developed and developing market, and analysed the cutting-edge technology, patent, hot applications and market trends of Security Screening.

Regionally, the report analyzes the Security Screening markets in key regions. North

America and Europe are experiencing steady growth, driven by government initiatives and increasing consumer awareness. Asia-Pacific, particularly China, leads the global Security Screening market, with robust domestic demand, supportive policies, and a strong manufacturing base.

Key Features:

The report presents comprehensive understanding of the Security Screening market. It provides a holistic view of the industry, as well as detailed insights into individual components and stakeholders. The report analysis market dynamics, trends, challenges, and opportunities within the Security Screening industry.

The report involves analyzing the market at a macro level:

Market Sizing and Segmentation: Report collect data on the overall market size, including the revenue generated, and market share of different by Type (e.g., X-ray Security Screening, Explosive Detection Security Screening).

Industry Analysis: Report analyse the broader industry trends, such as government policies and regulations, technological advancements, consumer preferences, and market dynamics. This analysis helps in understanding the key drivers and challenges influencing the Security Screening market.

Regional Analysis: The report involves examining the Security Screening market at a regional or national level. Report analyses regional factors such as government incentives, infrastructure development, economic conditions, and consumer behaviour to identify variations and opportunities within different markets.

Market Projections: Report covers the gathered data and analysis to make future projections and forecasts for the Security Screening market. This may include estimating market growth rates, predicting market demand, and identifying emerging trends.

The report also involves a more granular approach to Security Screening:

Company Analysis: Report covers individual Security Screening players, suppliers, and other relevant industry players. This analysis includes studying their financial performance, market positioning, product portfolios, partnerships, and strategies.

info@marketpublishers.com

Consumer Analysis: Report covers data on consumer behaviour, preferences, and attitudes towards Security Screening This may involve surveys, interviews, and analysis of consumer reviews and feedback from different by Application (Airport, Other Public Transportation).

Technology Analysis: Report covers specific technologies relevant to Security Screening. It assesses the current state, advancements, and potential future developments in Security Screening areas.

Competitive Landscape: By analyzing individual companies, suppliers, and consumers, the report present insights into the competitive landscape of the Security Screening market. This analysis helps understand market share, competitive advantages, and potential areas for differentiation among industry players.

Market Validation: The report involves validating findings and projections through primary research, such as surveys, interviews, and focus groups.

Market Segmentation

Security Screening market is split by Type and by Application. For the period 2019-2030, the growth among segments provides accurate calculations and forecasts for consumption value by Type, and by Application in terms of value.

Market segment by regions, regional analysis covers

North America (United States, Canada, and Mexico)

Europe (Germany, France, UK, Russia, Italy, and Rest of Europe)

Asia-Pacific (China, Japan, South Korea, India, Southeast Asia, Australia and Rest of Asia-Pacific)

South America (Brazil, Argentina and Rest of South America)

Middle East & Africa (Turkey, Saudi Arabia, UAE, Rest of Middle East & Africa)

The content of the study subjects, includes a total of 13 chapters:

Chapter 1, to describe Security Screening product scope, market overview, market estimation caveats and base year.

Chapter 2, to profile the top players of Security Screening, with revenue, gross margin and global market share of Security Screening from 2019 to 2024.

Chapter 3, the Security Screening competitive situation, revenue and global market share of top players are analyzed emphatically by landscape contrast.

Chapter 4 and 5, to segment the market size by Type and application, with consumption value and growth rate by Type, application, from 2019 to 2030.

Chapter 6, 7, 8, 9, and 10, to break the market size data at the country level, with revenue and market share for key countries in the world, from 2019 to 2024.and Security Screening market forecast, by regions, type and application, with consumption value, from 2025 to 2030.

Chapter 11, market dynamics, drivers, restraints, trends and Porters Five Forces analysis.

Chapter 12, the key raw materials and key suppliers, and industry chain of Security

1 MARKET OVERVIEW

1.1 Product Overview and Scope of Security Screening
1.2 Market Estimation Caveats and Base Year
1.3 Classification of Security Screening by Type
  1.3.1 Overview: Global Security Screening Market Size by Type: 2019 Versus 2023 Versus 2030
  1.3.2 Global Security Screening Consumption Value Market Share by Type in 2023
  1.3.3 X-ray Security Screening
  1.3.4 Explosive Detection Security Screening
  1.3.5 Metal Detectors Security Screening
  1.3.6 Nonlinear Node Detector Security Screening
1.4 Global Security Screening Market by Application
  1.4.1 Overview: Global Security Screening Market Size by Application: 2019 Versus 2023 Versus 2030
  1.4.2 Airport
  1.4.3 Other Public Transportation
  1.4.4 Large Stadium/Facility
