## **Abstracts**

Structured finance is a sector of finance, specifically Financial law that manages leverage and risk. Strategies may involve legal and corporate restructuring, off balance sheet accounting, or the use of financial instruments.

Scope of the Report:

This report studies the Structured Finance market status and outlook of Global and major regions, from angles of players, countries, product types and end industries; this report analyzes the top players in global market, and splits the Structured Finance market by product type and applications/end industries.

The third party due diligence services is the primary growth driver for this market. Through the Exchange Act Rule 15Ga-2 and Rule 17g-10, the issuance of the assets backed securities is expected to become transparent. It would provide the investors a detailed analysis of the securities and enhance their portfolio diversification.

Europe dominated the Structured Finance market share during 2017. In Europe, the leveraged loan CLOs would help in the resurgence of the multi-currency transaction through structural innovations. The low spread in the European Central Bank will bring in growth opportunities through a number of issuance volumes of SME CLOs, which will optimize the banks' balance sheet through regulatory risk transfer.
