Abstracts

Super Fruit Juices are considered super foods because they are truly anti-aging with exceptional antioxidant power.

Scope of the Report:

This report focuses on the Super Fruit Juices in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

The global juice market is growing at slow rate owing to factors such as the presence of high amounts of sugar and artificial preservatives in juices. Also, substitutes like dairy-based drinks, fruits, and fresh juices hinder the growth of the market. Despite the challenges, the market has immense potential to grow as the demand for healthy food and beverage options from consumers is increasing globally. The vendors are coming up with new products to cater to the increasing demand from the consumers.

The worldwide market for Super Fruit Juices is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.
