Abstracts

According to our (Global Info Research) latest study, the global Ticket Gate Rental Service market size was valued at US\$ 2265 million in 2025 and is forecast to a readjusted size of US\$ 3260 million by 2032 with a CAGR of 5.6% during review period.

Ticket Gate Rental Service refers to a comprehensive service that provides various turnstiles/ticket gates, along with installation, commissioning, operation, maintenance, and dismantling, for events such as exhibitions, competitions, concerts, temporary scenic spot activities, and subway/station expansions, on a daily, project-by-project, or periodic basis. In short-term or phased crowd control scenarios, businesses or organizers do not need to purchase expensive turnstile equipment upfront or build their own technical teams. They can simply rent as needed to quickly establish a standardized, countable, and controllable entry and exit system, significantly reducing one-time capital expenditure (CAPEX) and improving event security and entry efficiency.
