TIJ (Thermal Inkjet) Coding and Marking Equipment is a type of printing technology used to apply high-quality codes, logos, and barcodes on a variety of materials. TIJ printers utilize small ink cartridges and heat to produce high-resolution and durable text and graphics on materials such as paper, plastic, metal, and glass. TIJ printers are ideal for applications that require high-speed printing, reliable performance, and low maintenance costs. Thermal Inkjet (TIJ) coding consumables are essential supplies used in thermal inkjet printing systems for marking, coding, and labeling applications across various industries. These consumables are specifically designed to work efficiently with TIJ printers, ensuring consistent and high-quality printing results.
